

ADNAN S. BADR, M.D.

**CURRENT POSITION**

Busy single specialty Gastroenterology private practice.

**POSTGRADUATE TRAINING**

FELLOWSHIP

07/96-07/99

Gastroenterology and Hepatology  
University of Kansas Medical  
Kansas City, Kansas 66160

RESIDENCY

01/92-01/95

Internal Medicine Residency Training  
Texas Tech University Health Sciences Ctr.

**MEDICAL SCHOOL EDUCATION**

09/82-09/88

University of Tichreen, College of Medicine  
Lattakia, Syria

**ACADEMIC POSITIONS**

05/95-06/96

Assistant Professor of Medicine  
Department of Internal Medicine  
Texas Tech University Health Sciences Ctr.  
Amarillo, Texas

**HONORS/AWARDS**

National Leadership Award "Honorary Co-Chairman, Physician's Advisory Board." The National Republican Confessional Committee. July 2001.

Poster of Distinction: Adnan S. Badr, Allan P. Weston. Prospective multivariate analysis of factors predictive of endoscopic and histological regression of Barrett's esophagus during long-term up. Digestive Disease Week, May 1998, Mew Orleans, Louisiana.

Janssen Pharmaceutical Scholar Grant for the World Congress of Gastroenterology in Vienna, Austria, September 1998.

## **HONORS/AWARDS (cont.)**

Outstanding Faculty of the Year-Award 1995-1996. Granted by the medical students and residents of the Department of Internal Medicine at Texas Tech University Health Sciences Center in Amarillo, Texas.

President: MKSAP Club (Board review Club). Department of Internal Medicine. Texas Tech University HSC, Amarillo, Texas. November 1994-June 1996

Trainee Investigator Award for Excellence in Scientific Research: The American Federation for Clinical Research Meeting, May 1995. San Diego, California

Scientific Poster Recognition Award: Dermatomyositis as a result of tubulovillous adenoma: Resolution following resection of the adenoma. 88<sup>th</sup> Scientific Assembly of the Southern Medical Association. Orlando, Florida. November 1994.

Chief Resident: Department of Internal Medicine. Texas Tech University Health Sciences Center. Amarillo, Texas. July 1994.

Vice President: Residents and House Staff Committee. All departments. Texas Tech University Health Sciences Center. Amarillo, Texas. April 1994-January 1995.

Outstanding Documentation Award: Department of Internal Medicine. January 1994.

Outstanding Documentation Award: Department of Internal Medicine. December 1993.

George H. Kollmar Award of "Complete Physician." Texas Tech University HSC and VAMC. June 1993.

Medical School Graduation Rate – "Excellent". University of Tichreen. December 1988.

## **CERTIFICATIONS**

Board Certified: American Board of Internal Medicine. 1995

Board Certified: American Board of Internal Medicine subspecialty in Gastroenterology 1996.

## **LICENSURE**

State Medical Board of Texas. August 19, 1995. License No. J8200

State Medical Board of Kansas. April 27, 1996. License No. 26155

State Medical Board of Missouri. July 23, 1999. License No. 119629

## **COMMITTEES**

Vice President. Department of Medicine. Independence Regional Health Center, Independence, Missouri. July 2001-To date

Credentialing Committee. Independence Regional Health Center, Independence, Missouri. July 2001-To date

Medical Counsel Committee. Independence Regional Health Center, Independence, Missouri. July 200-July 2001

Board member. Crohn's and Colitis Foundation of America. Kansas City Chapter. January 2000-January 2001.

Resident Evaluation Committee. Department of Internal Medicine. Texas Tech University Health Sciences Center. Amarillo, Texas. July 1994-June 1996

Tuberculosis Advisory Council. Northwest Texas Healthcare System and Amarillo Public Health Department. Amarillo, Texas. October 1995-June 1996

## **PROFESSIONAL SOCIETY MEMBERSHIP**

American College of Gastroenterology  
Texas Society of Gastroenterology and Endoscopy  
Texas Medical Association  
Dallas County Medical Society

## **PUBLICATIONS**

Schmitz RJ, Sharma P, Badr AS, Qamar MT, Weston AP. Incidence and management of esophageal stricture formation, ulcer bleeding, perforation, and massive hematoma formation from sclerotherapy versus band ligation. *Am J Gastroenterol*. 2001 Feb; 96(2):437-41

Adnan S. Badr, Richard McCallum. Sumatriptan as a prophylactic therapy for cyclic vomiting syndrome. Submitted to *Digestive Diseases and Sciences*.

Allan P. Weston, Adnan S. Badr, M. Topalovski, R. Cherian, A. Dixon, RS Hassanein. Prospective evaluation of the prevalence of gastric H. Pylori infection in patients with GERD, Barrett's esophagus, Barrett's dysplasia and Barrett's adenocarcinoma. VAMC Kansas City, MO & University of Kansas Medical Center, Kansas City, KS. *Am J Gastroenterol*. 2000 Feb; 95(2):387-94

Allan P. Weston, Adnan S. Badr, Ruthe S. Hassanein. Prospective multivariate analysis of clinical, endoscopic, and histological factors predictive of the development of Barrett's multifocal high-grade dysplasia or adenocarcinoma. VAMC Kansas City, MO & University Kansas Medical Center, Kansas City, KS.

## **PUBLICATIONS (cont.)**

The American Journal of Gastroenterology, December 1999:Vol.94, No 12, 3413-3419

Allan P. Weston, Adnan S. Badr, Ruth S. Hassanein. Prospective multivariate analysis of factors predictive of complete regression of Barrett's esophagus. VAMC Kansas City, MO & Univ. Kansas City, KS. *The American Journal of Gastroenterology*, December 1999:Vol.94, No 12, 3420-3426

Adnan S. Badr, Constantine K. Saadeh, James Yeary, James Hamous, and Bharat Khandheria. Dermatomycosis in association with tubulovillous adenoma: resolution after resection of adenoma. Texas Tech University Health Sciences Center. Amarillo, Texas. *Southern Medical Journal*, March 1997: Vol 90, No 3

F.A. K. El-Zaatari, J.S. Woo, A. Badr, M.S. Osato, H. Serna, L.M. Lichtenberger, R. M. Genta, and D.Y. Graham. Failure to isolate Helicobacter Pylori from stray cats indicates that H. Pylori in cats may be an anthroponosis-an animal infection with a human pathogen. Inflammatory bowel disease laboratory, Veterans Affairs Medical Center, Departments of Medicine, Pathology, Microbiology and Immunology, Division of Molecular Virology, Baylor College of Medicine, and Departments of Physiology and Cell Biology, University of Texas Medical School, Houston, Texas. *Journal of Medical Microbiology*, 1997: Vol 46, 372-376

David Y. Graham, Joseph Abou-sleiman, Hala M.T. El-Zimaity, Adnan Badr, David P. Graham, Hoda Mlalaty. Helicobacter Pylori infection, gastritis, and the temperature of choice for hot drinks. Departments of Medicine, veterans Affairs Medical Center and the Division of Molecular Virology, Baylor College of Medicine, Houston, Texas. *Helicobacter*, 1996:Vol I, No 3
