

DAMIEN MALLAT, M.D.
411 North Washington Avenue, Suite 600
Dallas, TX 75204
(214) 821-5266

Objectives:

Gastroenterologist and Therapeutic Endoscopist
Clinical Investigator

Present Position:

Faculty, Gastroenterology dept, Baylor Univ Med Center, Dallas TX (5/03-present)
Master of Public Health degree candidate, University of Texas, Houston TX (8/01-present)

Education and Employment History:

Therapeutic Endoscopy & Endosonographic Fellowship (7/02-3/03)
Gastroenterology Fellowship, Baylor College of Medicine, Houston TX (7/00-2/03)
Hepatology & Laparoscopy Fellowship, Univ of Miami Schl of Med, Miami FL (7/99-6/00)
Instructor, University of Texas Southwestern Medical Center, Dallas TX,
and Staff Physician, VA Hospital North Dallas (7/98-6/99)
Clinical Assistant Professor, University of Kansas School of Medicine,
and Chief of Staff, Greensburg Memorial Hospital (7/96-6/98)
Internal Medicine Resident, Mount Sinai School of Medicine Affiliated Program,
Jersey City Medical Center (7/94-6/96)
Internal Medicine Intern, Mount Sinai School of Medicine Affiliated Program,
Jersey City Medical Center (7/93-6/94)
Doctor of Medicine, University of Lebanon School of Medicine (9/86-3/93)
Bachelor of Science, University of Lebanon School of Biological Sciences (9/85-8/86)

Board Certification:

Board Certified in Gastroenterology November 2003
American Board of Internal Medicine (ABIM) August 1996
Federation Licensing Examination (FLEX) December 1994
Educational Commission for Foreign Medical Graduates (ECFMG) July 1992

Damien Mallat, M.D.

Page 2

Medical Licensure:

Texas State Board of Medical Examiners
Kansas State Board of Healing Arts

Training:

Therapeutic ERCP, Interventional EUS, Endoscopic Mucosal Resection, Laser (YAG & PDT) therapy, Endoluminal Stenting, diagnostic Laparoscopy, EGD, and Colonoscopy

Teaching:

Faculty Gastroenterology Dept, Baylor University Medical Center, Dallas TX
National Speaker for Wilson Cook on the Clinical Application of Interventional Endosonography
National Speaker for Boston Scientific on New Inventions in Therapeutic Endoscopy and ERCP
National Speaker for AstraZeneca
National speaker for the Miami VA, Center of Excellence in Education and Treatment of HCV
Instructor, University of Texas Southwestern Medical Center, Dallas TX
Clinical Assistant Professor, University of Kansas School of Medicine, Wichita KS

Honors and Awards:

Co director of Texas Endoscopy Course	June 2006
Scientific Grants from Boston Scientific and Wilson Wook	2003 - 2006
Boston Scientific Grant for Hands on Training on new therapeutic Invention	April 2005
Travel grant award, 7 th meeting of the Gastroenterological Research Group	Nov. 2001
Roche Pharmaceuticals grant: Interferon Mechanism of Action in HCV	March 1993
Dean's Honor List upon graduation from medical school	March 1993

Societies:

Member of the Texas Medical Society	(TMS)
Member of the Dallas County Medical Society	(DCMS)
Member of the American Gastroenterology Association	(AGA)
Member of the American College of Gastroenterology	(ACG)
Member of the American Society of Gastrointestinal Endoscopy	(ASGE)
Member of the American Association for the Study of Liver Diseases	(AASLD)
Member of the American College of Physicians/Society of Internal Medicine	(ACP/ASIM)

Damien Mallat, M.D.

Research Activities:

Research projects:

(1) The clinical utility of DNA molecular analysis in the management of pancreatic lesions: A prospective study. Institution: Baylor University Medical Center; Principle Investigator and Co investigator: Damien Mallat, M.D. and Jeffrey Lamont, MD. The project started 9/05 and is still in progress.

(2) The utility of EUS in the management of acute pancreatitis: A prospective study. Institution: Baylor University Medical Center; Principle Investigator and Co investigator: Damien Mallat, MD and Jeffrey Lamont, MD. The project started 5/03 and is still in progress.

(3) The application of DNA mutation in the assessment of mucinous pancreatic cysts: A prospective study. Institution: Baylor University Medical Center; Principle Investigator and Coinvestigator: Damien Mallat, MD and Jeffrey Lamont, MD. The project started 5/03 and is still in progress

(4) The utility of EUS in the differentiation between chronic pancreatitis and intrapapillary mucinous neoplasms. Institution: Baylor University Medical Center; Principle Investigator and Coinvestigator: Damien Mallat, MD and Jeffrey Lamont, MD. The project started 5/03 and is still in progress

(5) The utility of EUS Alcohol injection in the management of mucinous pancreatic cysts. Institution: Baylor University Medical Center; Principle Investigator and Coinvestigator: Damien Mallat, MD and Jeffrey Lamont, MD. The project started 5/03 and is still in progress

(6) Management of pancreatic head fullness and negative EUS FNA. Should we always proceed to Whipple? Institution: Baylor University Medical Center; Principle Investigator and Coinvestigator: Damien Mallat, MD and Jeffrey Lamont, MD. The project started 5/03 and is still in progress

(7) EUS restaging after neoadjuvant chemoradiation of locally advanced pancreatic adenocarcinoma. Institution: Baylor University Medical Center; Principle Investigator and Coinvestigator: Damien Mallat, MD and Jeffrey Lamont, MD. The project started 5/03 and is still in progress

(8) New Frontier of interventional EUS. Institution: Baylor University Medical Center; Principle Investigator and Coinvestigator: Damien Mallat, MD and Jeffrey Lamont, MD. The project started 5/03 and is still in progress

(9) Stenting of malignant and benign biliary strictures. Institution: Baylor University Medical Center; Principle Investigator: Damien Mallat, MD. The project started 5/03 and is still in progress

(10) New indications for double balloon endoscopy. Institution: Baylor University Medical Center; Principle Investigator: Damien Mallat, MD. The project started 5/03 and is still in progress

Damien Mallat, M.D.

Page 6

National Presentations:

Oral Presentation at the American Association for the Study of Liver Diseases	2000
Pseudotumor of the Lung at the Annual Meeting of the American Geriatric Society	1996

Intramural Presentations:

Grand Round Presentations:

(1) Medical Grand Round at Baylor University Medical Center	2004
(2) Surgical Grand Round at Baylor University Medical Center	2004
(3) Medical Grand Round at Arlington Memorial Hospital	2004
(4) Medical Residents Round at Baylor University Medical Center	2005
(5) Medical Residents Round at Baylor University Medical Center	2006

Fellow Seminars:

(1) Surveillance post curative resection of colorectal cancer; (2) Biopsy of liver lesion; (3) Disseminated strongyloidosis presenting as massive lower GI bleeding in a patient with systemic lupus erythematosus; (4) The role of low fiber diet in diverticular disease of the colon; (5) Double pylorus in patient with severe iron deficiency anemia; (6) Acute diverticulitis; (7) Surveillance of Barrett esophagus; (8) Interferon role in liver cirrhosis; (9) Sarcoidosis of the liver; (10) Vitamin deficiency in patients with chronic alcohol abuse; and (11) GI melanoma

Journal Club Presentations:

(1) Technical review of duodenal ampullectomy, (2) European experience of double balloon enteroscopy, (3) ERCP in acute and chronic pancreatitis, (4) EUS utility in pancreas and luminal diseases, (5) IPMN of the pancreas, (6) EUS staging of esophageal cancer, (7) Long-term effect of interferon in patients with chronic HCV infection; (2) Survival of Budd Chiari syndrome; comparison of medical and surgical treatment; and (3) The effect of IL-10 on liver fibrosis in patients with chronic HCV infection

Resident Conferences:

(1) Viral hepatitis and cryoglobulinemia; (2) Evidence-base management of supraventricular arrhythmias; (3) Diagnosis and management of Diabetes Mellitus; (4) Management of refractory COPD; and (5) Management of congestive heart failure

Moderator of the monthly advanced therapeutic endoscopy journal club in Baylor University Medical Center

(1) management of complex biliary stone, (2) Pancreatic stent or not after ampullectomy, and (3) Biliary drainage in Klatskin tumor

Damien Mallat, M.D.

Continuing Medical Education:

The 11 th Pancreatobiliary Therapeutic Endoscopy	2006
The American Society of Clinical Oncology	2006
Texas Society of Gastrointestinal Endoscopy	2005
Digestive Disease Week	2005
Cutting Edge Endoscopy: AGA and Japanese GI association	2004
Annual Meeting of the American Pancreatic Association	2004
The 11 th Pancreatobiliary Therapeutic Endoscopy	2004
Digestive Disease Week	2004
Board Review in Gastroenterology	2003
Digestive Disease Week	2002
Gastroenterology 2002: Best Practices annual meeting of Baylor College of Medicine	2002
Annual Meeting of the American Association for the study of Liver Diseases	2001
Digestive Disease Week	2000
Annual Meeting of the American Association for the study of Liver Diseases	2000
Gastroenterology Research Group	2000
Annual Meeting of the American Association for the study of Liver Diseases	1999
Gastrointestinal Diseases for primary care physicians	1998
Update in Internal Medicine	1998
Genetics for Primary Care Physicians	1998
Wilderness Medical Course	1998
Annual Meeting of the American Association for the Study of Liver Diseases	1998
Comparison of Health Care System between the U.S. and France	1997
Advances and Abstracts in Emergency Medicine	1997
Orthopedics for Primary Care Physicians	1997

Community Activities:

Active Member of Kansas Rotary Club between 1993-1995

Personal Information:

Languages: English, French, Lebanese, conversational Spanish

Extracurricular Activities:

Golf, tennis, jogging and swimming

(Revised [3/06])
